

REMARKS

Claims 1, 3-18, 25, and 31-44 were pending and presented for examination and in this application. In an Office Action dated January 24, 2007, claim 42 was allowed, and claims 1, 3-18, 25, 31-41, 43, and 44 were rejected. Applicants thank Examiner for examination of the claims pending in this application and address Examiner's comments below. In view of the above Amendments and the following Remarks, Applicants respectfully request that Examiner reconsider all outstanding objections and rejections, and withdraw them.

Amendments to the Specification

Applicants have amended the specification herein to correct typographical-type errors.

Allowable Subject Matter

Applicants thank the Examiner for the allowance of claim 42. Dependent claims 1, 4-5, 9-11, and 35 have been amended to depend from claim 42, thus Applicants submit that claims 1, 4-5, 9-11, and 35 also are in condition for allowance.

Applicants have added claims 45-52. Claim 45 is an apparatus claim including all of the limitations of allowed claim 42, and thus also is believed to be directed to allowable subject matter. Claims 46-52 are dependent on claim 45, and recite similar limitations to claims 1, 4-5, 9-11, and 35. Thus, Applicants submit that claims 45-52 are in condition for allowance.

Applicants thus submit that all claims are now in condition for allowance, and thus request entry of the above amendments and allowance of the application.

Applicants invite Examiner to contact Applicants' representative at the number provided below if Examiner believes it will help expedite furtherance of this application.

Respectfully Submitted,
JONATHAN J. HULL ET AL.
